

Barnabas Saves His Life

With a long history of insulin dependent diabetes, JG was first referred to the Barnabas medical program by the hospital emergency department staff after multiple admissions for uncontrolled blood sugar issues. He had many barriers that impeded his progress to better health, including access to healthy food, transportation, diabetic supplies, and consistent and affordable medical care. In addition to receiving the professional medical attention he needed, JG was also supported by other Barnabas programs and services. He began using the Lyft Health ride program to get to his weekly medical appointments; received insulin at no cost through the Prescription Assistance Program; and was enrolled in Barnabas' *Rx for Healthy Living* Program that provided him nutritious food. JG's recent blood sugar tests showed a remarkable improvement, and he is choosing and eating healthier foods. He is thankful for the extraordinary support that helped save his life.

Barnabas Changes Their Lives

The day Karen and Robert spotted a Barnabas ad in a local newspaper, their lives changed. They were disabled, unemployed and living in poverty, uninsured and facing extremely serious medical and mobility problems. After they met with Barnabas' resource coordinator, they were connected to comprehensive support services offered by Barnabas, including dental and medical care, vision screening, and the Barnabas food pantry. Robert has come to even enjoy going to the dentist because he knows he will receive exceptionally compassionate care. Likewise, Karen is thankful for the women's health exam she received since she had not had this type of care in many years. They both appreciate the respect they feel every time they are at Barnabas and are thankful the community has this much-needed resource.

Barnabas Gives Her Hope

Two months ago, Ms. R lost hope for herself and her family's future. Imagine working from age 16 to support your family because your mother is disabled. Imagine losing your home because you couldn't pay the rent. Imagine being without food because you couldn't afford to go to the grocery store. That was Ms. R's reality, until she learned about Barnabas from a friend. The first and most critical service she received was food through the Barnabas Food Pantry. She was very happy to finally be able to prepare nutritious meals for her mother. Today, Ms. R is looking toward an even brighter future as she learns more about Barnabas' other programs and services. She wants to thank the entire community for supporting Barnabas, which gives her the ongoing help and hope she and her family desperately needs.

OUR MISSION & VISION

The Barnabas mission is to provide help and hope to individuals and families in need throughout Nassau County to improve their stability, health and well-being. Our vision is that every individual has an opportunity to lead a healthy and productive life, thereby strengthening our entire community.
